

2020 was definitely a pinnacle year for the world as it spins toward fulfilling Revelation 13 & 17

The words beginning Revelation 17 the woman has committed fornication with the kings of the earth and she has made the inhabitants drunk with the wine of her fornication.

Christiana Figueres of the United Nations stated in 2016 that what was coming, was going to be the biggest change since the industrial revolution and here it is at our time just 5 years later. November 2020 she said 'the world is waiting for a "suicidal" Australia to reverse its stance on climate change.' Is there climate change yes there is. When every developed and developing country of the world is using chemical or electrical interference for weather control and for war purposes, there is bound to be climate change. When the UN is faced with this fact they just ignored it because that's not the problem. They need a problem for the solution which is world confederation. More to the point is the coming judgements of God to this world.

If we were to preside on a court case, we would soon come to evidence that would point to the perpetrators of the crime, a viral crime against the world nations by using the process of presenting incriminating evidence. The Wuhan Institute of Virology was participating in a project led by the New York-based organization EcoHealth Alliance. Think about the name eco health.

Newsweek had said that the USA had paid over 7 million for the Wuhan lab to do the experimentation whether this was only a small % of this money as a grant or whatever the amount it's not the point. The point is US involvement something that brought to light the depth of biological warfare and the spread of viral labs with experimentation worldwide which is buried under the cloak of humanitarian causes.

According to Robert Kennedy Jr. U.S. funding ran out on Wuhan on September 30, 2019, and the scientists there were dismissed.

The spread of the virus accidentally or intentionally in this way could have given those now unemployable scientists continued job security, Kennedy explained. *"That's actually what happened with the Anthrax virus in 2001. All of the Anthrax attacks on the U.S. Congress, when traced back, where coming from the psychiatrist who was the head of the Anthrax program that had been defunded. He apparently committed suicide as the FBI closed in on him."*¹¹

there is such a thing as "created organisms" that are very virulent and extremely transmissible and this is the type of research that the Wuhan lab was conducting in order to develop vaccines. These studies are known as "gain of function" in which the virus to jump several types of species leading to for example the infection of rats, and then they grow them into human lung tissue. (in other words you create a problem to then come in to offer the solution)

So we see collaboration going on where there is technology sharing between by the 2 opposing countries. How is it the Chinese end up with the same designed instruments of war in every detail, all the time? Well this is a bit of insight

"A decade ago, during a controversy over gain-of-function research on bird-flu viruses, Dr. Fauci immunologist Director of the National Institute of Allergy and Infectious Diseases (NIAID) a member of the white house coronavirus task force played an important role in promoting the work. He argued that the research was worth the risk it entailed because it enables scientists to make preparations, such as investigating possible anti-viral modifications, that could be used if and when a pandemic occurred. Now remember when Fauci was asked if the virus was from a lab naturally Fauci said it's a naturally evolved virus- something I believe is impossible. For example the utter filth of

Liberia and its civil war led to Ebola. The US rushed through the vaccination (Gates) a vaccination against filth. The Spanish flu came out of the trenches of WWI. The idea of world vaccination is an incredible naivety. But easily dealt with because when you have chicken pox it remains dormant after its initial strike to later re-emerge as shingles. So, we no longer call it chicken pox- it another disease right so this is exactly what will happen with world vaccination that will particularly affect the poor and venerable who don't have sufficient gut flora. And that's who we are out there to protect right????

Back to Fauci, as one proud of his Jesuit heritage it shines more light on events. He was trained in an exclusive private Jesuit preparatory school and all his studies he came out with dux of the class where high school or medical school. The high school with surrounding residence is also the place where the Pope would stay when visiting the New York In 2015. This is the training ground for a very select number.

Of interest is Fauci's wife Christine Grady, an American nurse and bioethicist who serves as the head of the Department of Bioethics at the National Institutes of Health Clinical Center. Trained at Georgetown university and Boston College (BC) is a private Jesuit research university in Chestnut Hill, Massachusetts.

Quote: Anthony Fauci continued to be a huge champion of gain of function organisms until a petition of 200 scientists angrily denounced the experiments as too dangerous and the U.S. government during President Obama's administration shut them down in 2014. Fauci, according to Kennedy, simply moved his operation to the Wuhan Lab and started funding gain of function studies again in Wuhan for the same purpose—to develop a coronavirus.

*"A decade ago, during a controversy over gain-of-function research on bird-flu viruses, Dr. Fauci played an important role in promoting the work of gain of function. He argued that the research was worth the risk it entailed because it enables scientists to make preparations, such as *investigating possible anti-viral modifications, that could be used if and when a pandemic occurred.* ...The work entailed risk that worried seasoned researchers. More than 200 scientists called for the work to be halted. The problem, they said, is that it increased the likelihood that a pandemic would occur through a laboratory accident.*

In 2017 Fauci said, quote, "a failure to look beyond our own borders in the issue of the globality of health issues, not only things that would come here but surprises that we have & there would be a surprise outbreak." But it was this year 2020 of course Dr Anthony Fauci was really given the spotlight. The US National Academy of Medicine has awarded Anthony Fauci, its first Presidential Citation for Exemplary Leadership while the Trump supporters were calling 'fire Fauci.' Of course this was just one in a string of awards for Fauci.

Bill Gates push for world vaccination caused much division of his personal persona in 2020. It also brought a closer look at his history and background.

In 2014 an article by Paul B. Farrell headlines it this way:

“Two leaders who can step up before we destroy the planet Bill and Melinda Gates are already committed, spending a fortune, changing the world. Pope Francis has the power base, the leadership skills, the authority to make things happen.”

Gates said he and his staff at the Bill and Melinda Gates Foundation have regular conversations with the director of the National Institute of Allergy and Infectious Diseases that is Fauci, about the development of therapies for Covid-19.

“[Fauci] and I (Bill Gates) talk about the antibody studies. The scientific team at the foundation gets on the phone with him on a regular basis because he’s seeing company innovations that we’re not, we’re seeing things that he’s not because we have a global view,” Gates said. “It’s a helpful collaboration, which we’ve always had.” Dr. Fauci, public voice during the pandemic, said that virus mutations evolved naturally

This is how the military work. The university or research is given government funding and shared with company directors to develop the technology. Fauci and Bill Gates have been part of the Rockefeller foundation whose similar interest are Vatican interests since 2010.

The first COVID-19 vaccine trial began in mid-March 2020. This trial was funded by the Bill & Melinda Gates Foundation and was developed by scientists at the National Institute of Allergy and Infectious Diseases (NIAID) in partnership with the pharmaceutical company Moderna, Inc.

The unique health message which SDAs should have in this crisis been ready with to benefit world and not influenced by the world has lost what should have been advantageous at this critical point on personal liberty and health.

The activity of the world economic forum came to light- a strategic world plan in intricate detail, covering every country had been prepared long before the crisis.

The world economic forum and the green earth movement took advantage of covid to support the ‘great reset’. Forbes magazine said ‘[the great reset is coming but not for capitalism.](#)’ Yet big business is working out the details of the reset in mid-January 2021. [From this the idea of inclusive capitalism was filtering through the media and its meaning was Marxist something the pope have vigorously supported.](#)

[Grass root movements of the black life matters caused a civil war in the USA reminding us of the downfall of the USSR through the church and the CIA.](#) It would with the pandemic wreak havoc on all fronts. The cities would burn for months and the ideology was left ward facing. It is called liberation theology – Jesuit ideology which is Marxist and we saw images of police and the priests kneeling for solidarity and revolution and democracy at work on the street in scenes of anarchy. The anarchy stops with Biden elect. Like the war with the IRA, the fighting would continue until the goal was realised. That is America in the Paris agreement joined to world governance with the United Nations and the Vatican.

In Victoria Australia we saw police arrest in home without warrant during the lockdowns. Some of the most restrictive laws for a western nation had been placed in Australia years ago under what the papers reported as a Jesuit led parliament – perhaps a first in the western world. But Australia was asleep. This is a small example of their efforts in the western world to seize political control which is

going on, on a massive scale. Across the world protests broke out as small businesses fell and liberties were taken away and big business monopolized.

Headline ran: Vatican calling: Pope congratulates Joe Biden on election

In the election Biden was quoting the Pope's 2015 encyclical ready and willing to hand over the USA to global governance that is Marxism under the Paris agreement. Biden said he hopes to work with Francis on issues such as climate change, poverty and immigration.

What hope had Trump to overturn the election through the supreme court in his favor when he has positioned virtually all catholic supreme court. What is the aim for Vatican? World domination of course through climate change and the Paris agreement. A mimic of the 3 angels' messages of Revelation 14. The nationalism that Trump heralded has been lumped with racism as a dirty word. But the coming together of evangelicals is not to be forgotten for the path to the future I believe is to be steered again through the evangelical's ties with the Vatican ideology in religious liberty not following the American father's constitutional foundations but the Vatican II Jesuit ideology. From these prophetic words I quote: in the future we shall have less to say concerning Rome. Why for the vicious persecutions shall be from a protestant front joined hands with Romanism...

The media control from the media giants the Pope met with in 2016 is playing out in 2020. The president's speeches are shut off at their own discretion. The media call the election win. People with large followings are taken off media platforms. The UN and Vatican push against 'hate speech' of people critical of themselves or those they are in favor of, does away with the first amendment of the United States but this will be fully realised by a Biden presidency.

The work which the church has failed to do in a time of peace and prosperity, she will have to do in a terrible crisis, under most discouraging, forbidding circumstances.—Testimonies For The Church 5:463 (1885).

In a number of months, we came much closer to realising how the mark of the beast with no buying or selling unless you have that mark, could be implemented through a health passport necessary for any travel and work. This comes alongside the push for a cashless society, already realised in Nordic countries and China. The universal basic income is being pushed by the pontiff also. The New World Order in 2020 had accelerated at a rapid pace and all the stars were aligned for the Pope.

We see the vehicle for the mark of the beast – climate change and through the times and laws Daniel 7:25 that is under the authority of the Vatican it will bring the world back to the leadership of Church & state and the persecutions of the dark ages. All 7 prophetic time references in Daniel and Revelation point to the 8th time period in revelation 17 when it will have absolute world domination.

3rd October 2020, came Francis' latest encyclical "Fratelli tutti"

Pope Francis says the coronavirus pandemic has proven the "magic theories" of market capitalism have failed and the world needs a new type of politics that promotes dialogue and solidarity and rejects war at all cost.

"Anyone who thinks that the only lesson to be learned was the need to improve what we were already doing, or to refine existing systems and regulations, is denying reality" (para. 7).

In that same month we read October 26 2020 The Pope has called for same-sex couples to be protected by civil union laws, in a remarkable departure from both the Vatican's historic stance on homosexuality and his own.

The stance from catholic leadership in the western countries is proabortion and gay rights

Such a bold hold has the Pope on American interests that he wrote an opinion piece in the New York Times Nov. 26, 2020 a month later. Pope Francis says A Crisis Reveals What Is in Our Hearts with the call for change. Change to what? A Marxist system controlled by church & state. Remember he had already won many to his side both in congress and united nations in 2015. I saw no comment on this paper from the very fact of the Pope in Italy publishing his opinion piece for change in a Protestant country was remarkable.

Satan coming as Christ, and working with all deceivableness of unrighteousness in those who are binding themselves together in secret societies. Those who are yielding to the passion for confederation are working out the plans of the enemy. The cause will be followed by the effect.—
Testimonies for the Church 8:27, 28.

People are often missing the main point that is the influence of the Vatican for world domination as predicted by Revelation 13,17 the little horn -the manipulation is coming from the Vatican for global governance and is being enforced as we speak

Revelation 18:24 And in her was found the blood of prophets, and of saints, and of all that were slain upon the earth.

The work of the Vatican is worthless unless big business is behind it and 2020 ends this way..from the self-appointed guardians of the planet

in an apparent act of divine intervention, the Rothschild family (whose wealth is estimated at \$20 billion, although nobody really knows for sure), together with other famous brand names of globalization, such as the Rockefellers and Mastercard, will now take up the standard for the world's downtrodden.

The Rothchilds being the guardians of the Vatican treasure 1906 Jewish Encyclopedia -bankers for the Holy see.

From the New York times and these words from *Robert Bridge of RT*

December 2020: Meet the Council for Inclusive Capitalism with the Vatican, a group of businesses, investors and other groups that represent \$2.1 trillion in market cap and 200 million employees.

Known as the Guardians for Inclusive Capitalism – I kid you not – these 27 devout and morally outstanding individuals all hail from the golden one percent. Let's call them the Pope's 27 billionaire disciples.

there is not a single cardinal or even a deacon on the list of Guardians. So, who will guard over the guardians? Yes, the corporate elite themselves! They must have read Donald Trump's 'The Art of the Deal'.

"The Guardians will hold themselves accountable, committing to a list of intended actions involving environmental, social and governance matters," Forbes reported. "The Guardians ... have said they plan to hire and promote more women, increase diversity hires, commit to clean energy by purchasing 100% renewable electricity, reduce greenhouse gas emissions..."

Forgive me, Father, but that sounds an awful lot like the controversial progressive platform being touted by Joe Biden and Kamala Harris that has divided the United States down the middle.

Meanwhile, it is hardly reassuring that these profit-driven individuals will be allowed to *"hold themselves accountable"* to take on unspecified *"social and governance matters"* and *"other initiatives,"* whatever those happen to be.

Aside from the absurdity of letting profit-driven corporations play guardian over themselves, we are now living in a time when these out-of-control behemoths are no longer content to just hawk their products to consumers; they have taken a serious stand on cultural and political issues, which many people find unacceptable yet must bear silently with a smile.

Using their profits from consumer spending, corporations such as Coca-Cola can run an extremely controversial Sprite advertisement campaign, for example, that promotes a transgender lifestyle and that will be seen by millions of impressionable children. Or how about Gillette's massively disappointing (and disliked) commercial that took issue with so-called 'toxic masculinity.' Are these the *"other initiatives"* that corporations will be forcing on an unsuspecting public with the stamp of papal authority? Personally, I've never heard Pope Francis speak out against these extremely provocative ideas.
